The health, safety and well-being of all staff and pupils is of utmost importance to us.

This template does not follow the traditional format for a risk assessment. It only covers the control measures needed to manage the risks presented by COVID-19 as low as is possible, in line with community risk levels, therefore the need for scoring or prioritising control implementation is negated. The measures relate to all the persons who may be affected at your setting staff, pupils and visitors. Settings are required to review the identified control measures and describe how they are implementing these in the notes box. Where a control measure does not apply to your setting you can delete the line or enter NA. You may need to add additional control measures specific to your setting, additional space is provided at the end of the form for this purpose.

The control measures that are now needed are very different to those that were previously required when the consequences associated with COVID-19 were significant. More information on the measures identified here is available in the Compliance Code for all educational settings.

Please note: all COVID-19 guidance is available through HR InfoSpace and Norfolk Schools

For ease of reference, changes that are made to this document are detailed below:

**Key infection control measures**

*Cleaning and disinfection*

<p>Cleaning and disinfection</p>	<p>The setting has developed specific cleaning schedules for items that need cleaning and disinfection. The schedule details all items, frequencies and who is responsible for this following the information detailed in the compliance code. This includes:</p> <ul style="list-style-type: none"> <li>• Cleaning all touch points including those that are fixed to the premises (inside and out) twice a day</li> <li>• Equipment and resources are disinfected on a daily basis as a minimum.             <ul style="list-style-type: none"> <li>- Soft furnishings are disinfected with a proprietary fabric disinfectant spray.</li> <li>- Frequency of cleaning and disinfection of equipment is increased based on risk e.g. the number of different users who are handling equipment and resources, the ability of users to undertake effective hand hygiene</li> </ul> </li> <li>• Consideration has been given to times of high use and frequency of disinfection increased accordingly where possible.</li> <li>• Shared touch points in staff areas such as those on microwaves, kettles, fridges and photocopiers are wiped down before and after use</li> </ul>	<p>Y</p>	<p>Caretaker and 2 cleaners have cleaning schedules and designated areas to clean which follow the compliance code. Additional spray cleaning can be undertaken by staff at any point in the day provided there are no children in the area and the area is well ventilated. Staff support with any additional wiping of touch points in the classroom when the need arises. Soft furnishings shared only between children in one class and kept to a minimum. Lunches will be eaten in the dining hall in two sittings, tables will be cleaned and disinfected before, between and after lunch sittings.</p>	<p>August 21</p>
----------------------------------	---	----------	---	------------------

			Sprays and cloths are available to wipe down shared touch points in staff areas.
