### **Appendices**

- A. [Unauthorised drug use reporting form](#)
- B. [Medical Emergency Procedure](#)
- C. [Drug Related Incident Response Flowchart](#)

## Statement of intent

The Federation of Spixworth Schools is committed to keeping pupils safe from drugs and alcohol, both on our premises and in the wider community. This policy has been developed in conjunction with DfE guidance to ensure that everyone is aware of the risks posed by the

The school maintains the view that alcohol and drug use on school premises is entirely unacceptable; however, we recognise that zero-tolerance policies have a disproportionately negative impact on some pupils, e.g. victims of child criminal exploitation (CCE). For this reason, we aim to foster an approach of supportive discipline, whereby pupils who are facing issues with drugs and alcohol are aided through both internal and external support, as well as disciplinary measures where appropriate, to make more healthy and positive choices and to reframe their attitudes towards drugs and alcohol.

For the purposes of this policy, a **“drug”** is defined as any substance which, when ingested, alters perception and the way the body works. This definition includes but is not limited to:

- All illegal substances
- Alcohol
- Tobacco
- Solvents
- Medicines
- Legal highs

We are committed to:

- Providing a safe and healthy environment for the school community.
- Providing a robust policy which outlines our approach to supporting pupils struggling drugs and alcohol misuse.
- Developing and improving the policy by reviewing it after any incident.
- Educating pupils on the dangers of drug and alcohol misuse.

## 1. Legal framework

This policy has due regard to all relevant legislation and guidance including, but not limited to, the following:

- Children and Families Act 2014
- Education Act 2011
- Health Act 2006
- DfE (2021) 'Keeping children safe in education 2021'
- DfE (2018) 'Mental health and behaviour in schools'

This policy operates in conjunction with the following school policies:

- Searching, Screening and Confiscation Policy
- Child Protection and Safeguarding Policy
- Health and Safety Policy
- PSHE Policy
- Administering Medication Policy
- COSHH Policy
- Sharps Policy
- Behaviour Policy
- Physical Intervention Policy
- Smoke-free Policy
- Social, Emotional and Mental Health (SEMH) Policy
- Exclusion Policy
- Staff Drug and Alcohol Policy
- Primary Relationships and Health Education Policy

## 2. Roles and responsibilities

The governing board is responsible for:

- Ensuring that effective policies and procedures are in place to make sure that pupils are kept safe from alcohol and drugs at school.
- Ensuring that this policy is maintained and disseminated to all relevant stakeholders.
- Ensuring that pupils experiencing difficulties with alcohol and/or drugs can access the support they need.
- Working with the headteacher, and in liaison with staff, parents, pupils, health and other professionals, to ensure that the relevant curricula, e.g. RSHE and PSHE, addresses the needs of pupils and the local community, and reflects current trends.
- Ensuring that the designated safeguarding governor submits an annual written report to the governing board concerning drug- and alcohol-related incidents and concerns.

The head of school, supported by the Executive Head Teacher is responsible for:

- The day-to-day management of this policy.
- Providing a safe environment for all members of the school community.

- Working with governors to ensure compliance with relevant legislation.
- Informing the governing board, via the designated safeguarding governor, of any issues and developments concerning drugs and alcohol.
- Acting on any concerns arising from pupils' use of drugs and alcohol.
- Informing parents of any drug- and alcohol-related incidents concerning their child, where appropriate and where doing so will not place the child at risk.
- Inviting the local police and drugs team into school to raise awareness of the risks and issues associated with drugs.
- Informing the police of any drug- or alcohol-related decision, where they deem it appropriate to do so.
- Ensuring a consistent approach to managing drug and alcohol incidents.

The DSL is responsible for:

- Ensuring that staff have the skills to teach and discuss issues relating to drugs and alcohol.
- Ensuring that pupils experiencing difficulties with drugs or alcohol are provided with appropriate internal support and referred to external support agencies as appropriate.
- Consulting with pupils to inform provision around drugs and alcohol education.
- Accessing appropriate training to enable them to successfully advise the school on drug and alcohol matters.
- Liaising with local services as necessary to provide support for pupils.
- Assisting with the monitoring and review of this policy.

Staff are responsible for:

- Attending scheduled training concerning drugs and alcohol, including how to spot the signs and symptoms of use and dependency, identifying paraphernalia, and how to respond to a drug related incident.
- Reporting concerns regarding pupils' use of drugs and alcohol to the DSL.

The site manager is responsible for:

- Regularly checking the school premises for signs of drug and alcohol use and reporting any concerns to the DSL.
- Adhering to the Sharps Policy at all times when handling needles found on school premises.

Pupils are responsible for:

- Ensuring they do not bring illegal or prohibited drugs or alcohol onto school premises or whilst engaged in any off-site activity representing the school.
- Ensuring they do not take drugs or consume alcohol whilst travelling to or from school.
- Contributing to the development of this policy by providing feedback on the effectiveness of the drugs and alcohol education provided, and on how incidents are managed.

External agencies are responsible for supporting the school with drug and alcohol issues as required.

### 3. Staff training

The school recognises that early intervention can prevent drug misuse. As such, all staff will receive training in identifying the signs that a pupil may be at risk at the start of each academic year as part of safeguarding training.

Staff will receive formal training during their induction and will receive regular and ongoing training as part of their professional development.

#### **4. The curriculum**

All pupils will receive regular guidance on drugs and alcohol as part of the relationships and health education curriculum, in line with the Primary Relationships and Health Education Policy.

Lessons will be delivered as appropriate to the age and phase of the pupils and will be differentiated according to individual learning styles.

Information about drugs and alcohol will feature regularly as part of pastoral education in the form of classes and assemblies. Where appropriate, visitors and external speakers will lead classes on drug and alcohol misuse.

#### **5. Specific types of drug**

##### **Smoking**

In accordance with part 1 of the Health Act 2006 and the school's Smoke-free Policy, the school is a smoke-free environment. Parents, visitors and staff will not smoke on school grounds and must avoid smoking in front of pupils and/or encouraging pupils to smoke. This includes all buildings, out-buildings, playgrounds, playing fields and sheltered areas.

##### **Legal drugs and prescribed medicines**

The school recognises that some pupils may require medications that have been prescribed by a doctor or other health professional. Parents have the primary responsibility for their child's health and the school will request all relevant information about pupils' medical conditions from parents.

Medicines will only be permitted to be brought onto the premises if it would be detrimental to the child's health if medicines were not administered during their time at the school.

The school will only accept medicines which have been prescribed by a doctor, dentist, nurse or pharmacist, with the exception of over-the-counter painkillers, e.g. paracetamol, which may be taken in accordance with package instructions.

The school will only accept medicines which are provided in the original container as dispensed and include the prescriber's instructions for administration and dosage.

Further guidance can be found in the school's Administering Medication Policy.

##### **Solvents**

Pupils will not be permitted to bring solvent-based products onto the premises including, but not limited to, aerosol deodorants, compressed air and aerosol hairspray.

The school will ensure that potentially hazardous solvents are stored safely, and pupils will be supervised if they are required to come into contact with them. More information can be found in the school's COSHH Policy.

## 6. Pupils found to be under the influence of drugs or alcohol

Unless it is a medical emergency, or where there is aggressive or threatening behaviour, pupils found to be under the influence of drugs or alcohol whilst on school premises will be escorted to the Head of School's where they will be assessed.

The school will decide whether it is appropriate to notify the pupil's parent – parents will generally be informed unless the school feels there is a safeguarding concern which means that telling the pupil's parent may put them at risk. Where the school determines parents should be notified, they will be contacted and asked to remove the pupil from the premises. The pupil will remain in the Head of School's until their parent arrives. In the event the school chooses not to inform the pupil's parents, the pupil will be taken to the medical room where they will be given water and offered pastoral support.

If necessary, a search will be conducted in line with the Searching, Screening and Confiscation Policy.

## 7. Medical emergencies

In drug- or alcohol-related medical emergencies, trained first aiders will be summoned and care will be provided in line with the First Aid Policy. A staff member will remain with the casualty until the trained first aider arrives. Other pupils will be removed from the immediate area as soon as is reasonably practicable.

Following assessment by the first aider, a decision will be made as to whether an ambulance will be called. The pupil's parent will be telephoned and told about the incident.

An [Unauthorised Drug Use Reporting Form](#) will be completed.

If the pupil is felt to be at risk, the Child Protection and Safeguarding Policy will come into effect and social services will be contacted.

All accidents and incidents, including near misses or dangerous occurrences, will be reported to the HSE as soon as possible following the school's Health and Safety Policy. The [Medical Emergency Procedure](#) will be followed at all times.

## 8. Threatening behaviour

Aggressive and threatening behaviour by pupils under the influence of drugs or alcohol will be taken very seriously. Where aggressive and/or threatening behaviour is displayed, the school will contact the police where necessary.

Any pupil displaying aggressive and/or threatening behaviour will be removed from the premises. If a pupil displays this kind of behaviour, their parents will be contacted and sanctions will be implemented in line with the school's Behaviour Policy.

## 9. Searching

Under part 2, section 2 of the Education Act 2011, teachers are authorised by the headteacher to search for any prohibited item including, but not limited to, tobacco, cigarette papers, illegal drugs and alcohol, without the consent of the pupil, if they have reasonable grounds for suspecting that the pupil is in possession of a prohibited item. Staff members may use common law to search pupils for any item with their consent.

A staff member carrying out the search can confiscate anything they have reasonable grounds for suspecting is a prohibited item. This includes “legal highs” and other potentially harmful materials which cannot immediately be identified. Any staff member, except for security staff, may refuse to conduct a search.

All searches will be conducted in line with the Searching, Screening and Confiscation Policy, and the Physical Intervention Policy where physical contact with a pupil is required.

## **10. Controlled substances**

Following the identification and confiscation of a controlled substance, a staff member will seal the sample in a plastic bag and include details of the date and time of the confiscation alongside the name of any witness(es) present. The staff member will store the sample in a secure location.

The incident will be reported immediately to the police, who will collect the sample and then deal with it in line with agreed protocols.

The school will consider, on a case-by-case basis, whether it is appropriate under the pupil's specific circumstances to divulge the name of the pupil from whom the drugs were taken, and names will not be given to the police where the school cannot be certain beyond reasonable doubt that the pupil in question was the one in possession of the drugs.

A full incident report will be completed and submitted to the Executive Head Teacher.

Any further measures will be undertaken in line with the school's Child Protection and Safeguarding Policy.

Where controlled substances are found on school trips away from the school premises, the parents of the pupil, as well as local police, will be notified.

## **11. Safeguarding**

The school understands that the misuse of drugs and alcohol can often be a sign of underlying issues.

All staff are aware that behaviours linked to issues such as drug and alcohol misuse put pupils in danger. Staff will be particularly alert to the potential need for early help for a pupil who is misusing drugs or alcohol.

Pupils experiencing difficulties with drugs or alcohol will be provided with appropriate internal support and referred to external support agencies as appropriate. Support will be arranged and offered to pupils in line with the school's Child Protection and Safeguarding Policy and Social, Emotional and Mental Health (SEMH) Policy.

## 12. Child criminal exploitation (CCE)

CCE is where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into any criminal activity in exchange for something the victim needs or wants and/or for the financial or other advantage of the perpetrator or facilitator and/or through violence or threats of violence. CCE can include children being forced to work in cannabis factories and being coerced into moving drugs across the country (known as county lines).

Staff will be made aware of the following potential indicators of CCE:

- Pupils who appear with unexplained gifts or new possessions
- Pupils who associate with other young people involved in exploitation
- Pupils who suffer from changes in emotional wellbeing
- Pupils who misuse drugs and alcohol
- Pupils who regularly miss school

Staff members will be aware that illegal drug use or possession by pupils may indicate that they are victims of exploitation, even if it appears that illegal activity regarding drugs is something to which they have consented. The DSL will use their professional judgement to ensure they can reasonably rule out CCE as an explanation for a pupil's drug-related behaviour before pursuing other support and disciplinary procedures, rather than making assumptions about the pupil's intentions.

Staff will be alert to the indicators above and all concerns relating to CCE will be managed in line with the Child Protection and Safeguarding Policy.

## 13. Managing incidents

Instances of pupils being involved in drug and/or alcohol incidents will be managed in line with the relevant school policies, including the Behaviour Policy, Child Protection and Safeguarding Policy, and the Social, Emotional and Mental Health (SEMH) Policy.

Following an incident, the headteacher will work with key members of staff, including the DSL, to decide on the most appropriate course of action to take. This action may include discipline being enforced in line with the Behaviour Policy, or informing the police in severe circumstances.

The headteacher will also be responsible for deciding if it would be appropriate to exclude the pupil, following the provisions outlined in the school's Exclusion Policy; however, every effort will be taken to support pupils to adopt more healthy behaviours and choices before resorting to exclusion. Exclusion will be avoided wherever possible for pupils whose parents or carers are known to the school to misuse alcohol and drugs.

Support will be arranged for pupils involved in any alcohol- or drug-related incidents, in line with relevant school policies.

## 14. Monitoring and review

This policy will be reviewed on a two year cycle by the headteacher in liaison with the DSL.

Any changes to this policy will be communicated to staff and all relevant stakeholders. The next scheduled review date is Autumn 2024

## Unauthorised drug use reporting form

Guidance on completing this form:

- Do not identify the pupil involved
- Copy the form once completed
- Send a copy of the form to the headteacher within 24 hours of the incident taking place
- Record the pupil's name and form on the original form and pass to a DSL for storage.

What type of incident are you reporting? (Tick as appropriate)

- Pupil in possession of unauthorised drugs  Drug paraphernalia found on school premises
- Pupil supplying unauthorised drugs on school premises  Disclosure of parental drug misuse
- Pupil disclosure of drug use  Parent expressing concern over potential drug misuse
- Emergency intoxication  Incident occurring outside school premises

## Medical Emergency Procedure

When a pupil is at immediate risk of harm, is unconscious, having trouble breathing, seriously confused or disorientated, or has taken a toxic substance, follow the procedure below.

Remember, your main responsibility is for the pupil at immediate risk, but you must also ensure the wellbeing and safety of all others. If in doubt, call for medical assistance.

### Step one – on arrival

**If you are not a trained first aider:**

**Do**

- Immediately call for a trained first aider
- Remain with the pupil until the first aider arrives
- Assist with clearing the area once the first aider has arrived

**If you are a trained first aider:**

**Do**

- Assess the situation
- If it is a medical emergency, send for medical help and an ambulance

### Step two – before medical assistance arrives

**If the person is conscious:**

**Do**

- Ask those around you to move back and provide adequate space
- Ask them what happened
- Ask them what drugs they have taken
- Safely collect any drug sample and vomit for medical analysis
- Keep them under observation in a warm and quiet place

**Do not:**

- Induce vomiting
- Chase them

**If the person is unconscious:**

**Do**

- Ask those around you to move back and provide adequate space
- Contact their parents

**Do not:**

- Move them if a fall is likely to have led to a spinal or other serious injury
- Give them anything by mouth
- Attempt to make them sit or stand
- Leave them unattended or in the charge of a pupil

**If it is a needle stick (sharp) injury:**

**Do**

- Encourage the wound to bleed
- Wash the wound with soap and water
- Dry and apply a waterproof dressing
- If the needle appears used or dirty, seek advice from a doctor

**Don't**

- Suck the wound
- Handle the needle

**Step three – when help arrives**

**Do**

- Pass on any available information, including vomit and drug samples
- Complete an Unauthorised Drug Use Report Form

## Drug Related Incident Response Flowchart
