

## Sports Premium Report 2014

The funding is being used to deliver the following targets during the academic year 2013/14:

- To develop links with other schools to share good practice
- To increase the professional development opportunities in PE/sport for all our teachers which might include providing cover to release primary teachers for professional development in PE/sport
- To develop the breadth and quality of our PE lessons provided through purchase of planning resources linked to the new curriculum
- To purchase and install a new fit-for-purpose Climbing Frame for Gymnastics teaching
- To join the Youth Sports Trust

Over the course of the year the Head Teacher, Subject Leader and Staff will monitor the impact of the funding on PE and Sports against our targets. Measuring the impact of our initial spending will help us decide how to spend the remaining funding for the academic years 2014/15 and 2015/16.

One option we will be considering is hiring specialist PE teachers or qualified sports coaches. These specialist coaches would work alongside our teachers to increase their professional knowledge, skills and confidence when teaching PE.
