

## Learning Circles

Today in our learning circle we learnt about:

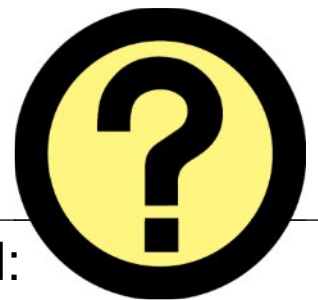

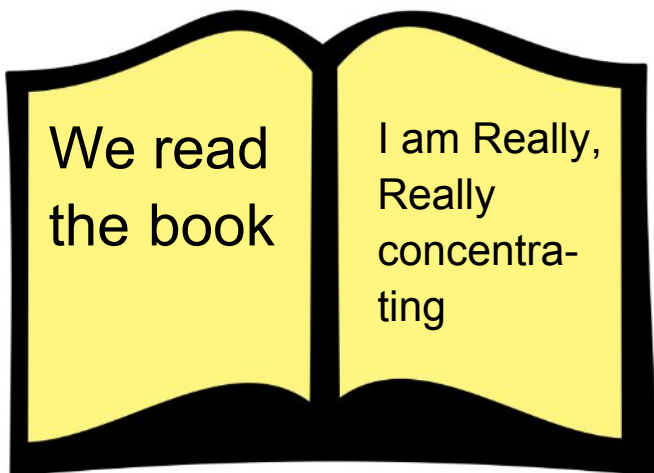

Our Children's Learning Policy says that to be a good learner, we should:

### Manage Distractions

I am aware of things that may distract me

I can ignore the things that may distract me

I can quickly settle back into learning after an interruption

We wondered:

What distracts you and how do you try to ignore it?

### Can you play the game: Pass the Bells?

Using bells (or something else that makes noise easily), try to pass the bells to partner without them making a sound. How many times can you pass them without the bells ringing?
