THURSDAY 4ᵀᴴ MARCH 2021

World Book Day will be different this year but we still wish to promote a love of books and reading. Across *The Federation of Spixworth Schools*, individual class teachers will be signposting the children to resources and activities appropriate to their age and curriculum relevance. Here is a taster of some of the activities that we will be promoting with the children through our learning platforms over the next few weeks. Once you access the individual sites, please check the age suitability of the activities for your child.
