

## Spixworth Infant School Long Term Plan

### Curriculum Intent

To uphold the outcomes of the EYFS and KS1 National Curriculum as a minimum entitlement for all of our children

To support the development of a rich, broad vocabulary for all of our children based on real experiences that embed understanding and ignite curiosity across subjects

To use all resources available to value how children learn best both within and outside of the classroom

To nurture learners that respect their own and others' rights; that are mentally, physically and academically confident and capable to continue their next phase of learning
