

# Star Class- Autumn 2 2022

Did you hear about our trip into the woods? Star class had an amazing experience day with den building, adventures and even a hot chocolate! This experience has led to some fantastic non-fiction writing. Special thanks to Mr. Puddifoot for providing a Treacherous Trim trail and Mr. Woolley for sharing his den building skills.

In Maths Year 1s and 2s have been learning about addition and subtraction and shape.

A year one using the part whole model to add

A year 2 pupil using part whole model to add

In Autumn 2 Year 2 was lucky enough to have a Tennis coach in. Thank you Premier Sports!

In English we have been studying how to write a non-fiction recount of our woodland experience. Here are some highlights:

"Just at that moment a funny spider dropped down from the trees." – Year 1 pupil

In Science we learned how to name different trees by observing their leaf shapes.

Please remember to wear PE kit on Wednesdays and Fridays. Please make sure to have named wellies and coats in school for outdoor learning/playtimes every day.
