

Confident Koalas Class

Welcome to Confident Koalas Class, what an exciting first half term we have had!

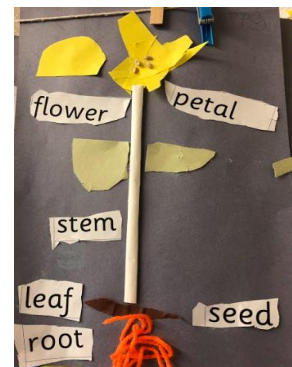

"Confident Koalas - we can do it!"

To start our year we have used the book 'Last stop on Market street' to carefully build vocabulary and write our own journey story. We enjoyed taking a virtual bus journey through London, met different people on the bus and helped in a soup Kitchen.

Finally before half term we created our own Firework poems, we used the Writing Rainbow to create our different stanzas and practised performing our poetry.

In science, we have had an amazing time exploring the parts of plants, we have built upon our previous knowledge of plants to create label our own plant structures. We have found out about different types of trees and explore our surrounding to identify common and wild plants.

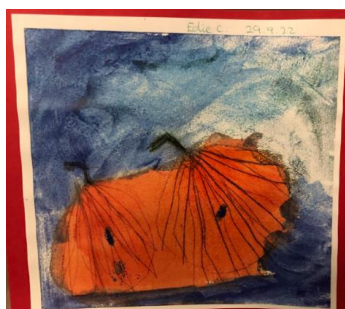

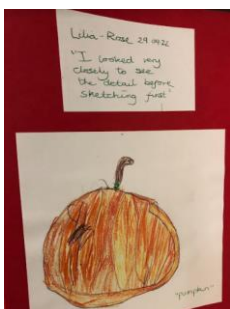

We have travelled back in time in History to explore Spixworth in the past and compared this to the present. I wonder what will happen in the future of Spixworth!

I think that the buildings will all change and get bigger and taller! - Theo

I think that the children and teachers will all change. We will all get older. -Bella-Grace

In Art we have been learning different techniques to support our drawing skills, including tonal shading, using primary colours and the use of different lines to create effect. We applied these skills to our final piece of artwork, an observational drawing of fruit and vegetables from different plants.

In our Computing learning we have practiced the skill of logging into Purple Mash - don't forget you can use Purple Mash at home! We have also thought about rules to keep us safe when we are online.
