

Confident Koalas Class

"Confident Koalas – we can do it!"

Take a walk in the woods! After an exciting experience day den building, drinking hot chocolate, climbing and exploring our school grounds with friends we have started our next writing unit – writing a recount.

We have been "Hooked on Books" with Chris Riddell's *Once Upon a Wild Wood* and *Ottoline* – the mystery of a cat napper. We are finding out whether Ottoline can save the day.

In Science, we have moved onto exploring animals, thinking about how we can group animals into mammals, reptiles, amphibians, birds and insects. We have thought carefully about similarities and differences.

"Penguins can swim, Robins fly."

Harrison

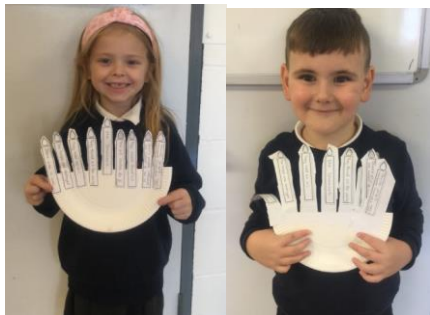

"Amphibians live on land and in water."

Olivia

"Fish have scales and gills"

Madeline

On Wednesday 9th November we had our first RE day! We explored how Hinduism, Judaism and Christianity celebrate light in different ways. We made Diva lamps from clay, a Chanukiah – a special 9 branched candle holder and listened to stories from these religions about light.

In Computing, we have produced our own digital artwork, firstly learning the skills using either the touch screen or touch pad.

As part of our E-safety learning we have been thinking about what details we should be keeping 'private' when online such as our full name, address or birthday.
