

Star Class Newsletter

Spring 1 2023

This Term

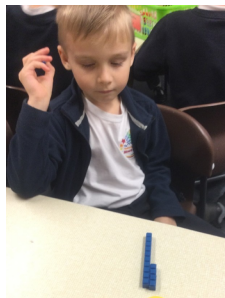

What would you do if you could be in charge of the world? In English this half term Star class has been imagining the possibilities. Some of us would ban the word no, others want to have ice cream be called a vegetable.

What would you do?

Maths

In Maths, Year 1s and 2s have been consolidating our place value understanding. We have been using different apparatus including Base 10 and coins to support our understanding.

A year 1 using Base 10 number fans to show their understanding of two-digit numbers

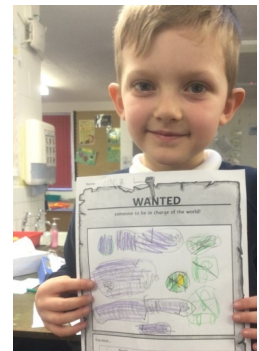

and

A year 2 pupil using coins to add.

English

In English, we have been studying poetry. We have learned about repeated refrains and how to use descriptive noun phrases.

In our RE day this term, Star class enjoyed learning about what it means to be a part of the Christian faith. We learned about different life events and used drama to re-enact a Church wedding.

This term Star class is learning Makaton. We already use several signs in class as part of our daily routine, so now we are expanding our vocabulary.

Please remember to wear PE kit on Wednesdays and Fridays. Please make sure to have named wellies and coats in school for outdoor learning/playtimes every day.
