# Super Sunflowers Newsletter Spring 1 2023

So far this term we have been looking at making stories on purple mash in computing. We even had a go at typing out a sentence!

this is my house at Spixworth

a jungll "there's lots of animals there"

"this is the outside area"

We are also looking forward to starting history where we will be exploring the seasons and we are excited to discover and learn about a different country in geography.
