Research Study – Parents Invited to Take Part

A postgraduate researcher from the University of East Anglia is inviting parents with an immigrant background to take part in a short online study. The research explores experiences of moving to and settling in the UK including feelings of belonging and everyday challenges, and how these experiences may relate to young children's behaviour and emotional development. There are two versions of the survey depending on your child's age.

We are looking for parents/carers who:

- Live in the UK
- Are first- or second-generation immigrants
- Have a child aged 1.5–3 years or 4–7 years
- What does participation involve?
- One anonymous online questionnaire
- Takes around 10–15 minutes
- Can be completed on a phone, tablet, or computer
- Optional entry into a £30 prize draw as a thank you

Please use the relevant link below:
