Geography Knowledge map

How does Nakuru compare to Norwich?

Vocabulary	
Human features	Human features in geography refer to the man-made or altered aspects of the landscape. These include anything created by people, such as buildings, roads, bridges, and cities.
Physical features	Physical features in geography refer to the natural characteristics of the Earth's surface that make each place unique. These features include mountains, rivers, valleys, oceans, deserts, and forests.
Equator	The equator is an imaginary line that circles the middle of the Earth, dividing it into two equal halves: the Northern Hemisphere and the Southern Hemisphere.
Tourism	Tourism is when people travel to different places for fun and adventure.
Compare	Comparing means looking at two or more things to see how they are similar and different.

Skills I need:

-Use world maps, atlases and globes to identify the 7 continents

-recognise landmarks and human/ physical features on aerial photographs or plans of wider areas such as towns and cities.

-Know the main differences between the climate and features of a place in England and that of a small place in a non-European country
